

Jelena Graovac

email: jgraovac@matf.bg.ac.rs

dr Jelena Graovac
Faculty of Mathematics
Studentski trg 16
11000 Belgrade
Serbia
url: www.matf.bg.ac.rs/~jgraovac/eng.html

Date and Place of Birth

December 14, 1979, Pristina, Serbia

Education

2008–2014 PhD Studies at the Department of Computer Science, Faculty of Mathematics, University of Belgrade. PhD thesis "Contribution to text categorization methods: mathematical models and applications" under supervision of prof. Gordana Pavlović-Lažetić.

2005–2008 MSc at the Department of Computer Science, Faculty of Mathematics, University of Belgrade, Grade point average 10.0 (out of 10.0). Master thesis "XML database management of lexical resources", under supervision of prof. dr Gordana Pavlović-Lažetić.

1999–2004 Department of Computer Science, Faculty of Mathematics, University of Belgrade. Grade point average 9.62 (out of 10.00).

Awards and Honors

2002–2004 Scholarship "Support for Youth in Sciences Foundation of the Republic of Serbia".

2002 Norwegian government Scholarship as one of the top 500 students in Serbia.

Positions

2015–today Assistant professor at the Department for Computer Science, Faculty of Mathematics, University of Belgrade.

2016–2017 Industry Relations Coordinator

2004–2015 Teaching assistant at the Department for Computer Science, Faculty of Mathematics, University of Belgrade.

Courses:

- Database design
- Object-oriented programming (Programming language Java)
- Introduction to Computer Systems (Programming language C++)
- Programming 1 (Programming language C)
- Programming 2 (Programming language C)
- Introduction to Programming (Programming language C)
- Information Systems

Participation in research projects

2011–today Research project III47003 "INTELIS - Infrastructure for Technology Enhanced Learning in Serbia", supported by the Ministry of Science of the Republic of Serbia.

2006–today Research project 144030 "Automated Reasoning and Data Mining", supported by the Ministry of Science of the Republic of Serbia.

2005 Research project 1858 "Bioinformatics", supported by the Ministry of Science of the Republic of Serbia.

Research Interests

Natural language processing, information retrieval and document classification using machine learning and knowledge-based approaches.

Bibliography

- PhD thesis, *Contribution to text categorization methods: mathematical models and applications*, May 2014.
